Laura Limkilde gets her blood pressure taken by Leticia Adair with one of the new electronic BP monitors donated by the Foundation.

If you have a wish for Rocmaura or would like to help make one come true, please call 506 643-7090 or email [foundation@rocmaura.com](mailto:foundation@rocmaura.com)

Eva Titus enjoys listening to the entertainment at Rocmaura now, with her new Pocket Talker donated by the Foundation. Three of these portable amplifiers were purchased for \$600. Staff find that Residents are more alert and talkative when they wear the headsets. Recreation Therapist Pamela Clark says they are more stimulated and feel more included in programs. They can carry on a conversation with their family members and RN's say they are able to make better diagnoses because the Residents can answer questions about their pain.

## HOME AT LAST by Kelly Campbell

If you've ever read the newspaper at Rocmaura, it was likely delivered by Terry Connolly. He's my older brother and Rocmaura's been his home for the past ten years. Terry just celebrated his 70<sup>th</sup> birthday.

In High school, Terry was extremely bright. He ranked 2nd in the province in Physics. But, in the latter part, things changed. He was diagnosed with Schizophrenia.

*Terry experienced many difficulties for years. He lived at Centracare and various group homes. Always restless, never content to stay in one place for too long.*

“Terry’s life has changed drastically for the better since he moved into Rocmaura Nursing Home. Terry was home! His family has never seen him so happy! The Residents and Staff are his family and we feel they are OUR family too! Terry feels blessed to call Rocmaura home and we could not be happier for him.”

**Kelly Campbell,  
Sister**

Personal Property

Payment by cash, cheque,

debit, visa or mastercard

Terry’s always loved the outdoors, fishing, hunting and all kinds of boating and he loves woodworking. He spent a lot of time in the shop at Centracare making picnic tables and benches for sale to the public.

In our family of 8, Terry also experienced many losses. His younger sister died about the time he was diagnosed. His mom passed away, and he lost his other younger sister to lung cancer. He also lost his father and older brother to colon cancer, whom he was very close to. Terry was diagnosed with colon cancer himself in 2003. On subsequent occasions Terry flat-lined from complications. He was in the ICU at the SJRH for 9 months where he adopted the nickname “Miracle Man” and is still often referred to now!

*In February, 2006 Terry’s life changed forever when he moved into Rocmaura Nursing Home – Terry was home!*

It was great to have his Mom reside at Rocmaura when he first arrived. Terry started transporting Residents to the dining hall, musical events, and mass or to get their hair done. Terry was thrilled to take over the paper delivery at Rocmaura. He is proud to know every staff members and resident’s name and he always says hello. Wednesdays are the highlight of his week as he is crazy for Bingo! Residents and Staff tell us “You can always count on Terry.” He is there for everyone and he never asks for anything. Terry’s faith has grown while at Rocmaura. Lately, he has been saying the rosary with his CD in his room often mass.

We are so proud of the man our Brother has become. It has been a true transformation of his life in such a positive way. He became so much more sociable. He has a purpose - To help his new family. He has grown spiritually, mentally, physically, and emotionally. His family will be forever grateful for everything Rocmaura has done for Terry!
